About our talented pool of Sydney professionals

Readygrad is working with these jobseekers as part of the federal government's Local Jobs Program. We discovered that tens of thousands of qualified and often experienced professionals in Sydney are currently unemployed, often because they don't have linear career paths.

The group includes recent refugees and skilled migrants with **permanent residency** and **full work rights**, many of whom have shown great courage, determination and tenacity in their journeys.

We have selected those with appropriate English for a professional workplace who are keen to work and looking for a chance to get started in Australia.

[If you value characteristics and capability over a perfect CV, we encourage you to express your interest and meet these great people.](#)
